## ABOUT MOTIP

Whether it's about repairing damage on the car, tuning, cleaning or some technical support, the sprays of MOTIP are up to every problem. For decades, MOTIP has been known for its automotive paints in the original colours of cars. It even got its name from car damage repair with paint (MO = motor vehicle, TIP = tip of a touch up pencil).

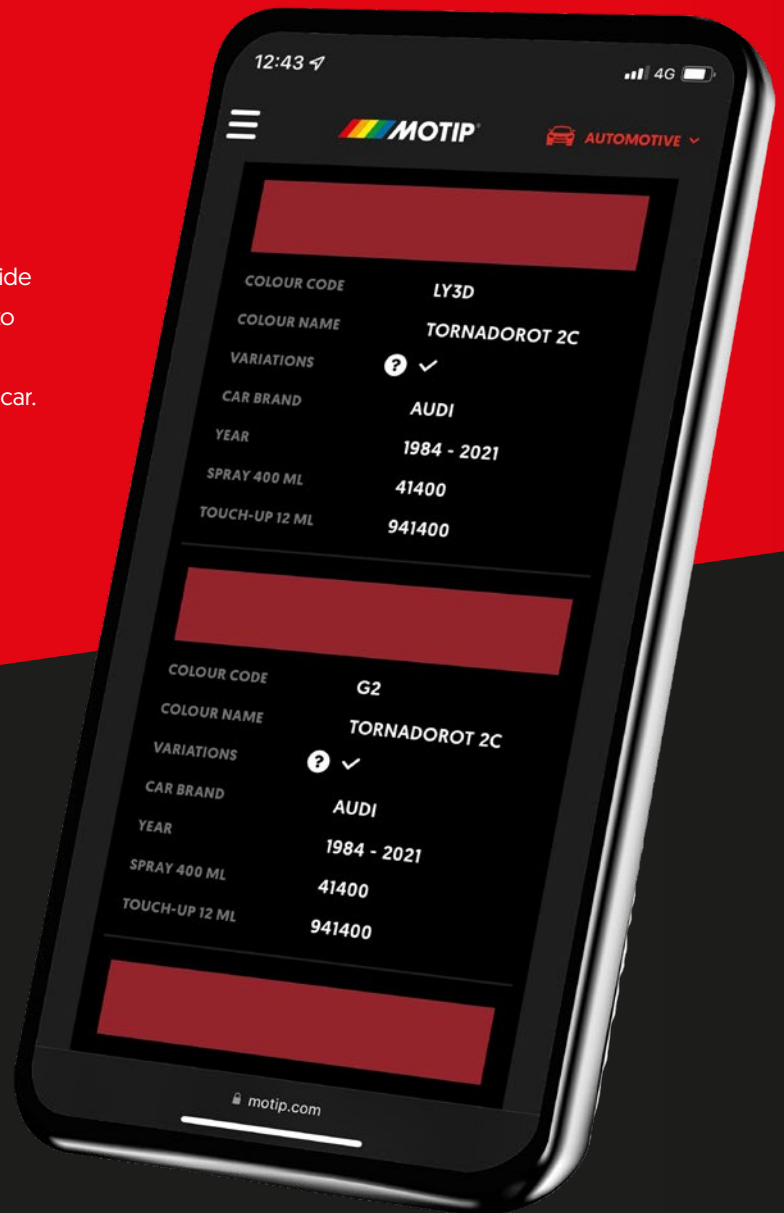

The Kompakt paint system conquered Europe and MOTIP expanded its range with even more products such as putties, technical sprays, car body protective sprays, additives and car care products. With MOTIP each car owner can fix their car.

MOTIP is one of the top brands of the European Aerosols Group. European Aerosols is the market leader in the development of aerosol solutions for paints, varnishes and technical products and is mainly active in the automotive, DIY and industrial segments.

## COLOUR GUIDE

MOTIP Car Repair Paints are based on the original colours of cars. With the Colour Guide you can easily find which article you need to get the paint that matches to your car. The match is based on the colour code of your car.

### 700+ COLOURS

Get the right colour for your car.

### Colour code search

Don't know the colour code of your car? We like to help you with the colour code search.

### Preview colours

New update! You now see a preview of the colour. Please note to always check whether it is the correct match by spraying a sample.

### Colour not available?

Let us know which colours you are missing. We like to select them for a potential new colour.

## NEW WEBSITE

After changing the logo and a complete new branding, a new website was bound to come along. The new website contains all product information, how-to, technical and safety data sheet downloads, a brand new Colour Guide and blogs. With the segment switch every segment has its own area. All product information is synchronised with our data system. This way all the information is always up to date. The new website gives us the opportunity to grow our brand online.

# KOMPAKT

MOTIP Car Paint is a high quality, fast-drying lacquer for the repair of car parts, based on the original car colours. Car paint is very suitable for repairing scratches, stone chip damage and small dents.

Our Kompakt System includes various original car paint colours under one reference number (5-digit), which are identical in colour but which are given different references by different car manufactures grouped under one colour-code.

**NOTHING YOU CAN'T FIX**

# KOMPAKT TOOLS

For decades, MOTIP has been known for its car paint based on original car colour codes. With the help of the Colour Guide on [motip.com](http://motip.com) or the Colourguide app, anyone can easily find the right paint colour using the colour code of the car.

The colour code can generally be found in the maintenance booklet and on the VIN sticker that is often put in several places in the car. The Colour Guide helps you to find the colour code of your car and advises you on the right colour from the Kompakt System.

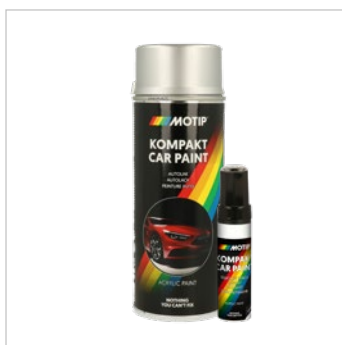

Using the Kompakt Colour Fan, the correct colour can also be found as well as with the Kompakt Colour Book.

# CAR REPAIR PAINTS

## CAR REPAIR

### KOMPAKT CAR REPAIR PAINT

MOTIP Car Paint is a high quality, fast-drying lacquer for the repair of car parts, based on the original car colours. Car paint is very suitable for repairing scratches, stone chip damage and small dents.

Description	Contents	Part No.	PU
Kompakt Non-Metallic Colours	400 ML	41000 - 46999	6
Kompakt Metallic Colours	400 ML	51000 - 56999	6
Kompakt Non-Metallic Colours	12 ML	941000 - 946999	10
Kompakt Metallic Colours	12 ML	951000 - 956999	10

### TOOLS

Description	Part No.	EAN-code	PU
Kompakt Colour Book	DUN244	8711347185320	1
Kompakt Colour Fan	K4016	8711347185337	1
Spray nozzle set	237881	4048500237881	1

### PRIMER

Fast drying primer that primes both treated and untreated surfaces including wood, metal, aluminium, glass and stone. The primer offers excellent coverage and filling properties and prevents rust. The primer is easy to sand, both wet and dry (from grain 400) and can be resprayed with all paints.

Description	Contents	Part No.	EAN-Code	PU
● Primer Black	500 ML	04052	8711347206407	6
● Primer Beige-Yellow	500 ML	04053	8711347040537	6
● Primer Grey	500 ML	04054	8711347040544	6
● Primer Red	500 ML	04055	8711347040551	6
○ Primer White	500 ML	04056	8711347040568	6
● Primer Grey	150 ML	00101	8711347001019	12
○ Primer White	150 ML	00102	8711347001026	12
● Primer Red	150 ML	00103	8711347001033	12
● Primer Grey	12 ML	900101	8711347920013	10

### SANDING KEY AID

Use MOTIP Sanding Key Aid as a fast-drying control layer when sanding primers and fillers on your car. Apply the Sanding Key Aid in a thin layer and let it dry. After sanding the marked surface, irregularities such as scratches and small holes (pinholes) remain black. These can then be easily removed with a suitable MOTIP filler.

Description	Contents	Part No.	EAN-Code	PU
Sanding Key Aid	500 ML	04057	8711347066582	6

### FILLER

Fill small irregularities in treated and untreated surfaces of wood, metal, aluminium, stone, eternite and pottery with MOTIP Filler. The filler has excellent filling and adhesion properties and prevents rust. MOTIP Filler is easy to sand, both wet and dry (from grain 400) and is re-sprayable with all lacquer systems.

Description	Contents	Part No.	EAN-Code	PU
Filler	400 ML	04064	8711347040643	6

### SPRAY PUTTY

Fill irregularities in treated and untreated surfaces of wood, metal and aluminium with MOTIP Spray Putty. Spray Putty is fast-drying and has excellent filling properties and coverage. The spray has excellent adhesion and prevents rust. MOTIP Spray Putty is easy to sand, both wet and dry (from grain 400).

Description	Contents	Part No.	EAN-Code	PU
Spray Putty	400 ML	04062	8711347040629	6

### SPOT BLENDER

Blend the transition between the old and the new lacquer layer in case of spot repairs on your car with MOTIP Spot Blender. The blending properties of the spray enable a smooth blend between new and old paint to be achieved. MOTIP Spot Blender has a fine and precise jet-spray which enables an instant and invisible result.

Description	Contents	Part No.	EAN-Code	PU
Spot Blender	150 ML	00108	8711347182510	12

### CLEAR COAT

Apply MOTIP Clear Coat over your car paint for a high-gloss or matt finish and lasting protection. The clear coat prevents rust, offers excellent adhesion, is scratch-resistant, shock proof and resistant to chemicals and the weather. Clear Coat is a fast-drying acrylic lacquer with a lasting gloss for treated and untreated surfaces including metal, aluminium, glass, stone and various types of plastic.

Description	Contents	Part No.	EAN-Code	PU
Clear Coat matt	500 ML	04000	8711347236565	6
Clear Coat high gloss	500 ML	04009	8711347040094	6
Clear Coat high gloss	150 ML	02001	8711347020010	12
Clear Coat gloss	12 ML	902001	8711347920068	10

### KOMPAKT CLEAR COAT

Apply MOTIP Clear Coat over your car paint for a high-gloss finish and lasting protection. Clear Coat is a fast-drying acrylic lacquer with a lasting gloss for treated and untreated surfaces including metal, aluminium, glass, stone and various types of plastic. The clear coat prevents rust, offers excellent adhesion and is scratch-resistant, shock proof. The spray is also resistant to petrol, chemicals and the weather.

Description	Contents	Part No.	EAN-Code	PU
Kompakt Clear Coat high gloss	400 ML	50000	8711347178735	6

### BLACK PAINT

MOTIP black spray paint with different finishes such as matt, semi and high gloss to paint parts of your car. MOTIP Black Paint is a fast-drying acrylic paint offering excellent coverage and adhesion for treated and untreated surfaces including wood, metal, glass and plastic. The paint has a lasting colour and good surface hardness. It is resistant to petrol, chemicals and the weather and is non-fading and UV-resistant.

Description	Contents	Part No.	EAN-Code	PU
Black matt	500 ML	04006	8711347040063	6
Black semi gloss	500 ML	04001	8711347040018	6
Black high gloss	500 ML	04005	8711347040056	6
Black high gloss	150 ML	00105	8711347001057	12
Black matt	150 ML	00106	8711347001064	12
Black matt	12 ML	900106	8711347920037	10
Black high gloss	12 ML	900105	8711347920020	10

### WHITE PAINT

MOTIP white spray paint with matt and high gloss finish to paint parts of your car. MOTIP White Paint is a fast-drying acrylic paint offering excellent coverage and adhesion for treated and untreated surfaces including wood, metal, glass and plastic. The paint has a lasting colour and good surface hardness. It is resistant to petrol, chemicals and the weather and is non-fading and UV-resistant.

Description	Contents	Part No.	EAN-Code	PU
White matt	500 ML	04002	8711347172481	6
White high gloss	500 ML	04004	8711347040049	6
White high gloss	150 ML	00107	8711347001071	12
White high gloss	12 ML	900107	8711347920044	10

### WHEEL PAINT

Renew and repair steel and other light metal rims and hubcaps of your car with MOTIP Wheel Paint. Wheel Paint is a fast-drying acrylic paint with lasting gloss offering good coverage, excellent adhesion and good surface hardness. It is resistant to petrol, chemicals, the weather and is UV-resistant and non-fading. Wheel Paint is resistant to wear and scratches.

Description	Contents	Part No.	EAN-Code	PU
● Wheel Paint black matt	500 ML	04019	8711347209705	6
● Wheel Paint black gloss	500 ML	04018	8711347209729	6
○ Wheel Paint white	500 ML	04003	8711347040032	6
● Wheel Paint silver	500 ML	04007	8711347040070	6
● Wheel Paint gold	500 ML	04008	8711347040087	6
● Wheel Paint steelwheel	500 ML	04010	8711347040100	6
● Wheel Paint silver	12 ML	900104	8711347066599	10

### PLASTIC PRIMER

MOTIP Plastic Primer to treat untreated surfaces of various types of plastic. MOTIP Plastic Primer offers excellent adhesion, does not require sanding and can be resprayed with all paints.

Description	Contents	Part No.	EAN-Code	PU
Plastic Primer	400 ML	04063	8711347040636	6

# BUMPER PAINT

## HOW TO RESTORE THE BUMPER AND BUMPER STRIPS OF CARS?

**1.**

The surface must be clean, dry and free of grease.

**2.**

Tape off an ample area around the surface when spraying directly on the car.

**3.**

Shake the aerosol for 2 minutes and apply in several thin layers, until the desired result has been achieved. Best processing temperature is 10 to 25°C.

**4.**

After use, clean the valve. The drying time depends on the ambient temperature, the humidity of the air and the thickness of the lacquer applied.

**NOTHING YOU CAN'T FIX**

### BUMPER PAINT

Repair and embellish the bumper of your car with MOTIP Bumper Paint. Bumper Paint has excellent coverage and adhesion to repair and embellish plastic bumpers, maintaining the original bumper structure. Bumper Paint offers a lasting colour and a lasting gloss. Bumper Paint is scratch-resistant and shock proof and is resistant to chemicals and the weather.

Description	Contents	Part No.	EAN-Code	PU
● Bumper Paint black	400 ML	04073	8711347040735	6
● Bumper Paint middle grey	400 ML	04074	8711347040742	6
● Bumper Paint dark grey	400 ML	04075	8711347040759	6
● Bumper Paint anthracite	400 ML	04076	8711347040766	6
○ Bumper Paint white	400 ML	04085	8711347040858	6

# UNIVERSAL & SPECIALTY PAINTS

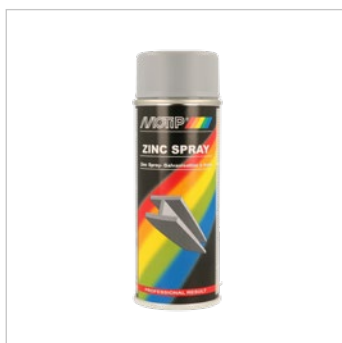

Paint for specific purposes can be found in the Universal & Speciality paints such as, heat-resistant paints, leather and vinyl paint or paints to embellish parts with special effects like Hammerfinish.

### RAL PAINT

Fast-drying RAL Paint with good coverage and excellent adhesion to treat treated and untreated surfaces of wood, metal, glass and various types of plastic. The RAL paint has a lasting colour and has good surface hardness. MOTIP RAL Paint is resistant to petrol, chemicals and the weather and is non-fading and UV resistant.

Description	Contents	Part No.	EAN-Code	PU
 Kombi/RAL 3000 red	500 ML	04105	8711347235124	6
 Kombi/RAL 5010 blue	500 ML	04106	8711347235148	6
 Kombi/RAL 6018 green	500 ML	04107	8711347235162	6
 Kombi/RAL 1018 yellow	500 ML	04108	8711347235186	6

### ZINC SPRAY

Fast-drying zinc spray with good filling properties and excellent adhesion to treat galvanised and untreated steel. Zinc spray has outstanding cathodic corrosion prevention, is spot-weldable and is resistant to petrol, chemicals and the weather. MOTIP Zinc Spray is heat resistant to 350°C.

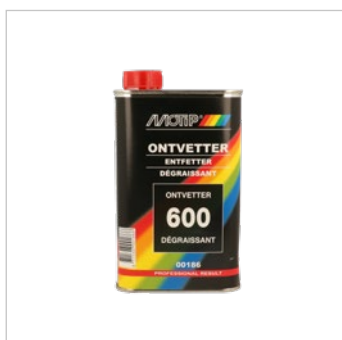

Description	Contents	Part No.	EAN-Code	PU
Zinc Spray	400 ML	04061	8711347040612	6

### ALU-ZINC SPRAY

Fast-drying Alu-Zinc Spray with good filling properties and excellent adhesion to treat galvanised and untreated steel. Alu-Zinc Spray offers outstanding cathodic corrosion prevention, is spot-weldable and is resistant to petrol, chemicals and the weather. MOTIP Alu-Zinc Spray is heat resistant to 250°C.

Description	Contents	Part No.	EAN-Code	PU
Alu-Zinc Spray	400 ML	04059	8711347040599	6

### DEGREASER

Use MOTIP Degreaser to remove silicones, tar and wax from various surfaces to pre-treat repairing any damage on your car. Degreaser cleans treated and untreated parts of metal and various types of plastic. Degreaser has high dissolving properties, is non-conductive and non-corrosive and leaves no residue.

Description	Contents	Part No.	EAN-Code	PU
Degreaser	200 ML	00185	8711347001859	12
Degreaser	500 ML	00186	8711347001866	12

## SILICONE REMOVER

MOTIP Silicone Remover is essential for the effective removal of silicone, grease, oil, wax, dirt, tar and adhesive residue from surfaces to be treated. MOTIP Silicone Remover improves the adhesion to the surface and is therefore extremely suitable for use in spot repair or other purposes where professional cleaning is needed. MOTIP Silicone Remover is safe for all surfaces and leaves no residue.

Description	Contents	Part No.	EAN-Code	PU
Silicone Remover	400 ML	00187	8711347237258	6

## LEATHER & VINYL PAINT

Repair and embellish vinyl, leather and artificial leather parts of your car such as car seats with MOTIP Leather & Vinyl Paint. Leather & Vinyl Paint has a lasting colour and lasting gloss and maintains the original structure.

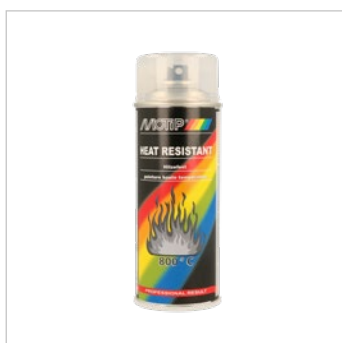

Description	Contents	Part No.	EAN-Code	PU
○ Leather & Vinyl Paint white	400 ML	04065	8711347040650	6
● Leather & Vinyl Paint black	400 ML	04066	8711347040667	6

### HEAT RESISTANT PAINT

Paint surfaces that are exposed to very high temperatures, such as the exhaust of your car, with MOTIP Heat Resistant Paint. Heat Resistant Paint is resistant to petrol, chemicals and weather influences.

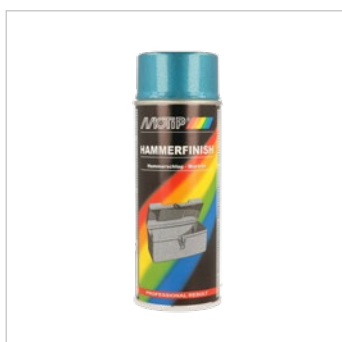

Description	Contents	Part No.	EAN-Code	PU
● Heat Resistant dark anthracite	400 ML	04030	8711347040308	6
● Heat Resistant black	400 ML	04031	8711347040315	6
● Heat Resistant silver	400 ML	04032	8711347040322	6
● Heat Resistant brown	400 ML	04034	8711347180912	6
● Heat Resistant white	400 ML	04036	8711347040360	6
● Heat Resistant anthracite	400 ML	04037	8711347040377	6
● Heat Resistant beige	400 ML	04038	8711347040384	6
● Heat Resistant grey	400 ML	04039	8711347040391	6
● Heat Resistant red	400 ML	04040	8711347088423	6

### HEAT RESISTANT CLEAR COAT

Use Heat Resistant Clear Coat from MOTIP to treat treated and untreated surfaces that are exposed to temperatures up to 800°C on your car. Heat Resistant Clear Coat is resistant to petrol, chemicals and weather influences.

Description	Contents	Part No.	EAN-Code	PU
Heat Resistant Clear Coat	400 ML	04033	8711347040339	6

### HAMMERFINISH PAINT

Fast-drying paint with hammered effect for treated and untreated surfaces including wood, metal, aluminium, glass and plastic. MOTIP Hammerfinish Paint offers good coverage, is shock proof and is resistant to scratches, petrol, chemicals, thinned cleaners and weather influences.

Description	Contents	Part No.	EAN-Code	PU
● Hammerfinish blue	400 ML	04011	8711347040117	6
● Hammerfinish green	400 ML	04012	8711347040124	6
● Hammerfinish silver	400 ML	04013	8711347040131	6
● Hammerfinish grey	400 ML	04014	8711347040148	6
● Hammerfinish gold	400 ML	04015	8711347040155	6
● Hammerfinish anthracite	400 ML	04017	8711347040179	6

### CHROME PAINT

Decorative chrome paint with metallic gloss for treated and untreated surfaces including wood, metal, aluminium, glass, stone and plastic. Chrome paint offers good coverage and excellent adhesion. Also suitable for indoor decorative purposes. MOTIP Chrome Paint is NOT rub-resistant nor resistant to the weather.

Description	Contents	Part No.	EAN-Code	PU
Chrome Paint 400 ml	400 ML	04060	8711347040605	6

### METALLIC PAINT

Fast-drying acrylic paint for treated and untreated surfaces including wood, metal, aluminium, stone and various types of plastic. It offers excellent adhesion and is resistant to scratches and the weather. For best results, first apply a base layer of MOTIP White Primer.

Description	Contents	Part No.	EAN-Code	PU
 Metallic green	400 ML	04043	8711347040438	6
 Metallic blue	400 ML	04044	8711347040445	6
 Metallic red	400 ML	04045	8711347040452	6
 Metallic silver	400 ML	04046	8711347040469	6
 Metallic gold	400 ML	04047	8711347040476	6
 Metallic brown	400 ML	04048	8711347040483	6
 Metallic black	400 ML	04049	8711347040490	6
 Metallic violet	400 ML	04050	8711347040506	6

### FLUORESCENT PAINT

Decorative, fluorescent acrylic paint for treated and untreated surfaces including wood, metal, aluminium, stone and various types of plastic. For best results, first apply a base layer of MOTIP White Primer.

Description	Contents	Part No.	EAN-Code	PU

### WAXCOATING

Prevent rust on your car with MOTIP Anti-Rust Waxcoating. Waxcoating is resistant to the weather, salt, water and weak acids and bases, has an excellent rust prevention and can be applied in thick layers.

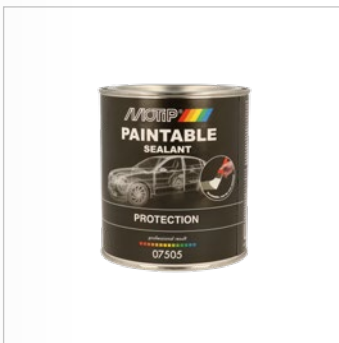

Description	Contents	Part No.	EAN-Code	PU
● Waxcoating transparent brown	500 ML	00129	8711347001293	6
● Waxcoating black	500 ML	00135	8711347202782	6
● Waxcoating transparent brown	1 L	00130	8711347001309	12
● Waxcoating black	1 L	00136	8711347203062	12

### BITUMEN UNDERCOATING

Protect the bottom of your car against weak acids and bases with MOTIP Bitumen Undercoating. Bitumen based undercoating is resistant to the weather and weak acids and bases and has an excellent rust prevention. Bitumen based undercoating remains flexible and is sound-absorbing.

Description	Contents	Part No.	EAN-Code	PU
Bitumen Undercoating	500 ML	000007	8711347000074	6
Bitumen Undercoating	1 L	000033	8711347000333	12
Bitumen Undercoating	1,30 KG	000016	8711347000166	12
Bitumen Undercoating	2,50 KG	000173	8711347001736	6

### SEAM SEALANT

Seal joints, edge-to-edge joints, grooves and overlapping in car, carriage and container construction with MOTIP Sealant. Particularly useful for sealing welding points at the front and rear of cars and at places which are difficult to reach in the boot and interior of the vehicle. Properties: As it is very stable and processed almost fibre-free, MOTIP brushable sealant has an almost true-to-original surface structure. The sealant has excellent adhesive properties on untreated, primed, painted and galvanized metal sheets. The sealant dries swiftly, enabling it to be painted over quickly with all paints normally available. The sealant can stand temperatures from -25°C to +80°C.

Description	Contents	Part No.	EAN-Code	PU
Seam Sealant	750 ML	07505	8711347190478	6

### HOLLOW SECTION WAX

Protect hollow spaces in the bodywork of your car against rust with MOTIP Hollow Section Wax. Hollow section wax is resistant to the weather and weak acids and bases and has an excellent rust prevention. Hollow section wax has good penetrating properties.

Description	Contents	Part No.	EAN-Code	PU
Hollow Section Wax	500 ML	000046	8711347000463	6
Hollow Section Wax	1 L	000034	8711347000340	12

# PUTTIES

For the deeper damages on cars it is wise to use a putty. From holes, dents and scratches on different surfaces MOTIP has different suitable putties.

## GLASS FIBRE PUTTY FILLED

Fill deeper damage like holes in surfaces of steel, aluminium, wood, concrete and polyester with MOTIP 2-component Glass Fibre Putty (filled). Glass Fibre putty is easy to sand and has excellent filling properties. Glass Fibre putty offers high impact resistance and may be resprayed with all paints. It is resistant to chemicals and the weather and can be applied in layers up to 2 cm in thickness.

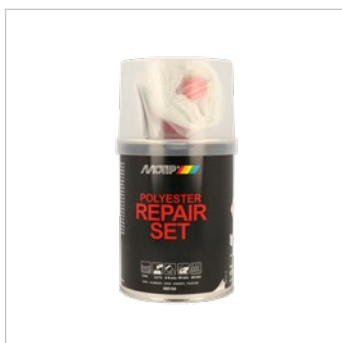

Description	Contents	Part No.	EAN-Code	PU
Glass Fibre Putty Filled	250 G	000053	8711347000531	12
Glass Fibre Putty Filled	1,00 KG	000070	8711347000708	12

## GLASS FIBRE PUTTY UNFILLED

Fill deeper damages like holes in surfaces of steel, aluminium, wood, concrete and polyester with MOTIP 2-component Glass Fibre Putty (unfilled). Glass Fibre putty has excellent filling properties. It offers high impact resistance and may be resprayed with all paints. It is resistant to chemicals and the weather and can be applied in layers up to 2 cm in thickness.

Description	Contents	Part No.	EAN-Code	PU
Glass Fibre Putty Unfilled	250 G	000082	8711347000821	12
Glass Fibre Putty Unfilled	1,00 KG	000083	8711347000838	12

## POLYESTER REPAIR SET

Fill deeper damage like holes in surfaces of steel, aluminium, wood, concrete and polyester in combination with the enclosed fibreglass mat and fibreglass fleece with the MOTIP 2-component Polyester Repair Kit. The repair kit is suitable for creating objects for which a mould is required. Polyester resin is elastic and resistant to chemicals and the weather. MOTIP Polyester Resin has excellent adhesion and is, after hardening, only mechanically sandable.

Description	Contents	Part No.	EAN-Code	PU
Polyester Repair Set	250 G	000054	8711347000548	12
Polyester Repair Set	1,00 KG	000154	8711347001545	6

## POLYESTER PUTTY

Level irregularities like holes in surfaces of steel, aluminium, wood, concrete and polyester with MOTIP 2-component Polyester Putty. Polyester Putty is elastic and very easy to sand. Polyester putty is re-sprayable with all lacquer systems and resistant to chemicals and the weather. MOTIP Polyester Putty can be applied in layers with a thickness up to 2 cm.

Description	Contents	Part No.	EAN-Code	PU
Polyester Putty	250 G	000051	8711347000517	12
Polyester Putty	500 G	000098	8711347000982	12
Polyester Putty	1,00 KG	000052	8711347000524	6
Polyester Putty	2,00 KG	000055	8711347000555	6

## FINE PUTTY

Level small irregularities in surfaces of steel, aluminium, wood, concrete and polyester with MOTIP 2-component Fine Putty. Fine Putty is easy to sand, elastic and resprayable with all lacquer systems. Fine Putty has a very fine structure and excellent adhesion and is resistant to chemicals and the weather. MOTIP Fine Putty can be applied in layers with a thickness up to 0.5 cm.

Description	Contents	Part No.	EAN-Code	PU
Fine Putty	250 G	000156	8711347001569	12
Fine Putty	1,00 KG	000157	8711347001576	12

## BUMPER REPAIR PUTTY

Level irregularities on the bumper of your car with MOTIP 2-component Bumper Repair Putty. Bumper repair putty is very elastic and easy to sand. Bumper repair putty can be resprayed with all paints, also powder coating, and has a very fine structure. Bumper repair putty is resistant to chemicals and the weather and has excellent adhesion. MOTIP Bumper Repair Putty can be applied in layers with a thickness up to 1 centimetre.

Description	Contents	Part No.	EAN-Code	PU
Bumper Repair Putty	250 G	000080	8711347203048	12
Bumper Repair Putty	1,00 KG	000081	8711347203055	12

### PLASTIC REPAIR PUTTY

Level irregularities on different plastic surfaces, with exception of polyethylene [PE] and polypropylene [PP] of your car with MOTIP 2-component Plastic Repair Putty. Also suitable for surfaces of steel, aluminium, wood, concrete and polyester, which are subject to vibrations. Plastic repair putty is very elastic and easy to sand. Plastic repair putty can be resprayed with all paints, also powder coating, and has a very fine structure. Plastic repair putty is resistant to chemicals and the weather and has excellent adhesion. MOTIP Plastic Repair Putty can be applied in layers with a thickness up to 1 centimetre.

Description	Contents	Part No.	EAN-Code	PU
Plastic Repair Putty	420 G	000059	8711347126002	12

### METAL PUTTY

Level irregularities in surfaces of steel, aluminium, wood, concrete and polyester with MOTIP 2-component Metal Putty. As a result of the addition of aluminium pigments, very easy to draw and consequently, ideal for treating larger surfaces. Metal putty is elastic and very easy to sand. Metal putty can be resprayed with all paints and is resistant to chemicals and the weather. MOTIP Metal Putty can be applied in layers with a thickness up to 2 cm.

Description	Contents	Part No.	EAN-Code	PU
Metal Putty	250 G	00086	8711347000869	12
Metal Putty	1,00 KG	00087	8711347000876	12

### POLYESTER RESIN

Fill deeper damage like holes in surfaces of steel, aluminium, wood, concrete and polyester in combination with a glass fibre mat and glass fibre fleece with MOTIP 2-component Polyester Resin. The resin is suitable for creating objects for which a mould is required. Polyester Resin is elastic and resistant to chemicals and the weather. MOTIP Polyester Resin has excellent adhesion and is after hardening only mechanically sandable.

Description	Contents	Part No.	EAN-Code	PU
Polyester Resin	250 G	000071	8711347000715	12
Polyester Resin	1,00 KG	000072	8711347000722	6
Fibreglass Fleece	0,50 M <sup>2</sup>	696	8711347006960	12
Fibreglass Fleece	1,00 M <sup>2</sup>	697	8711347006977	6
Fibreglass Mat	0,50 M <sup>2</sup>	690	8711347006908	12
Fibreglass Mat	1,00 M <sup>2</sup>	691	8711347006915	6
Fibreglass Tissue	0,50 M <sup>2</sup>	694	8711347006946	12
Fibreglass Tissue	1,00 M <sup>2</sup>	695	8711347006953	6

## NC-COMBI FINISHING PUTTY

Level small, superficial irregularities in surfaces of steel, aluminium, wood and polyester with fast drying MOTIP Finishing Putty. Finishing putty has a fine structure and is easy to sand. MOTIP NC-Combi Finishing Putty is re-sprayable with all lacquer systems and can be applied in layers up to 0.5 mm.

Description	Contents	Part No.	EAN-Code	PU
NC-Combi Finishing Putty	250 G	000063	8711347268900	6

## HARDENER

Hardener for all MOTIP fillers and resins. MOTIP Hardener has a red colour, which makes it easier to check the mixture.

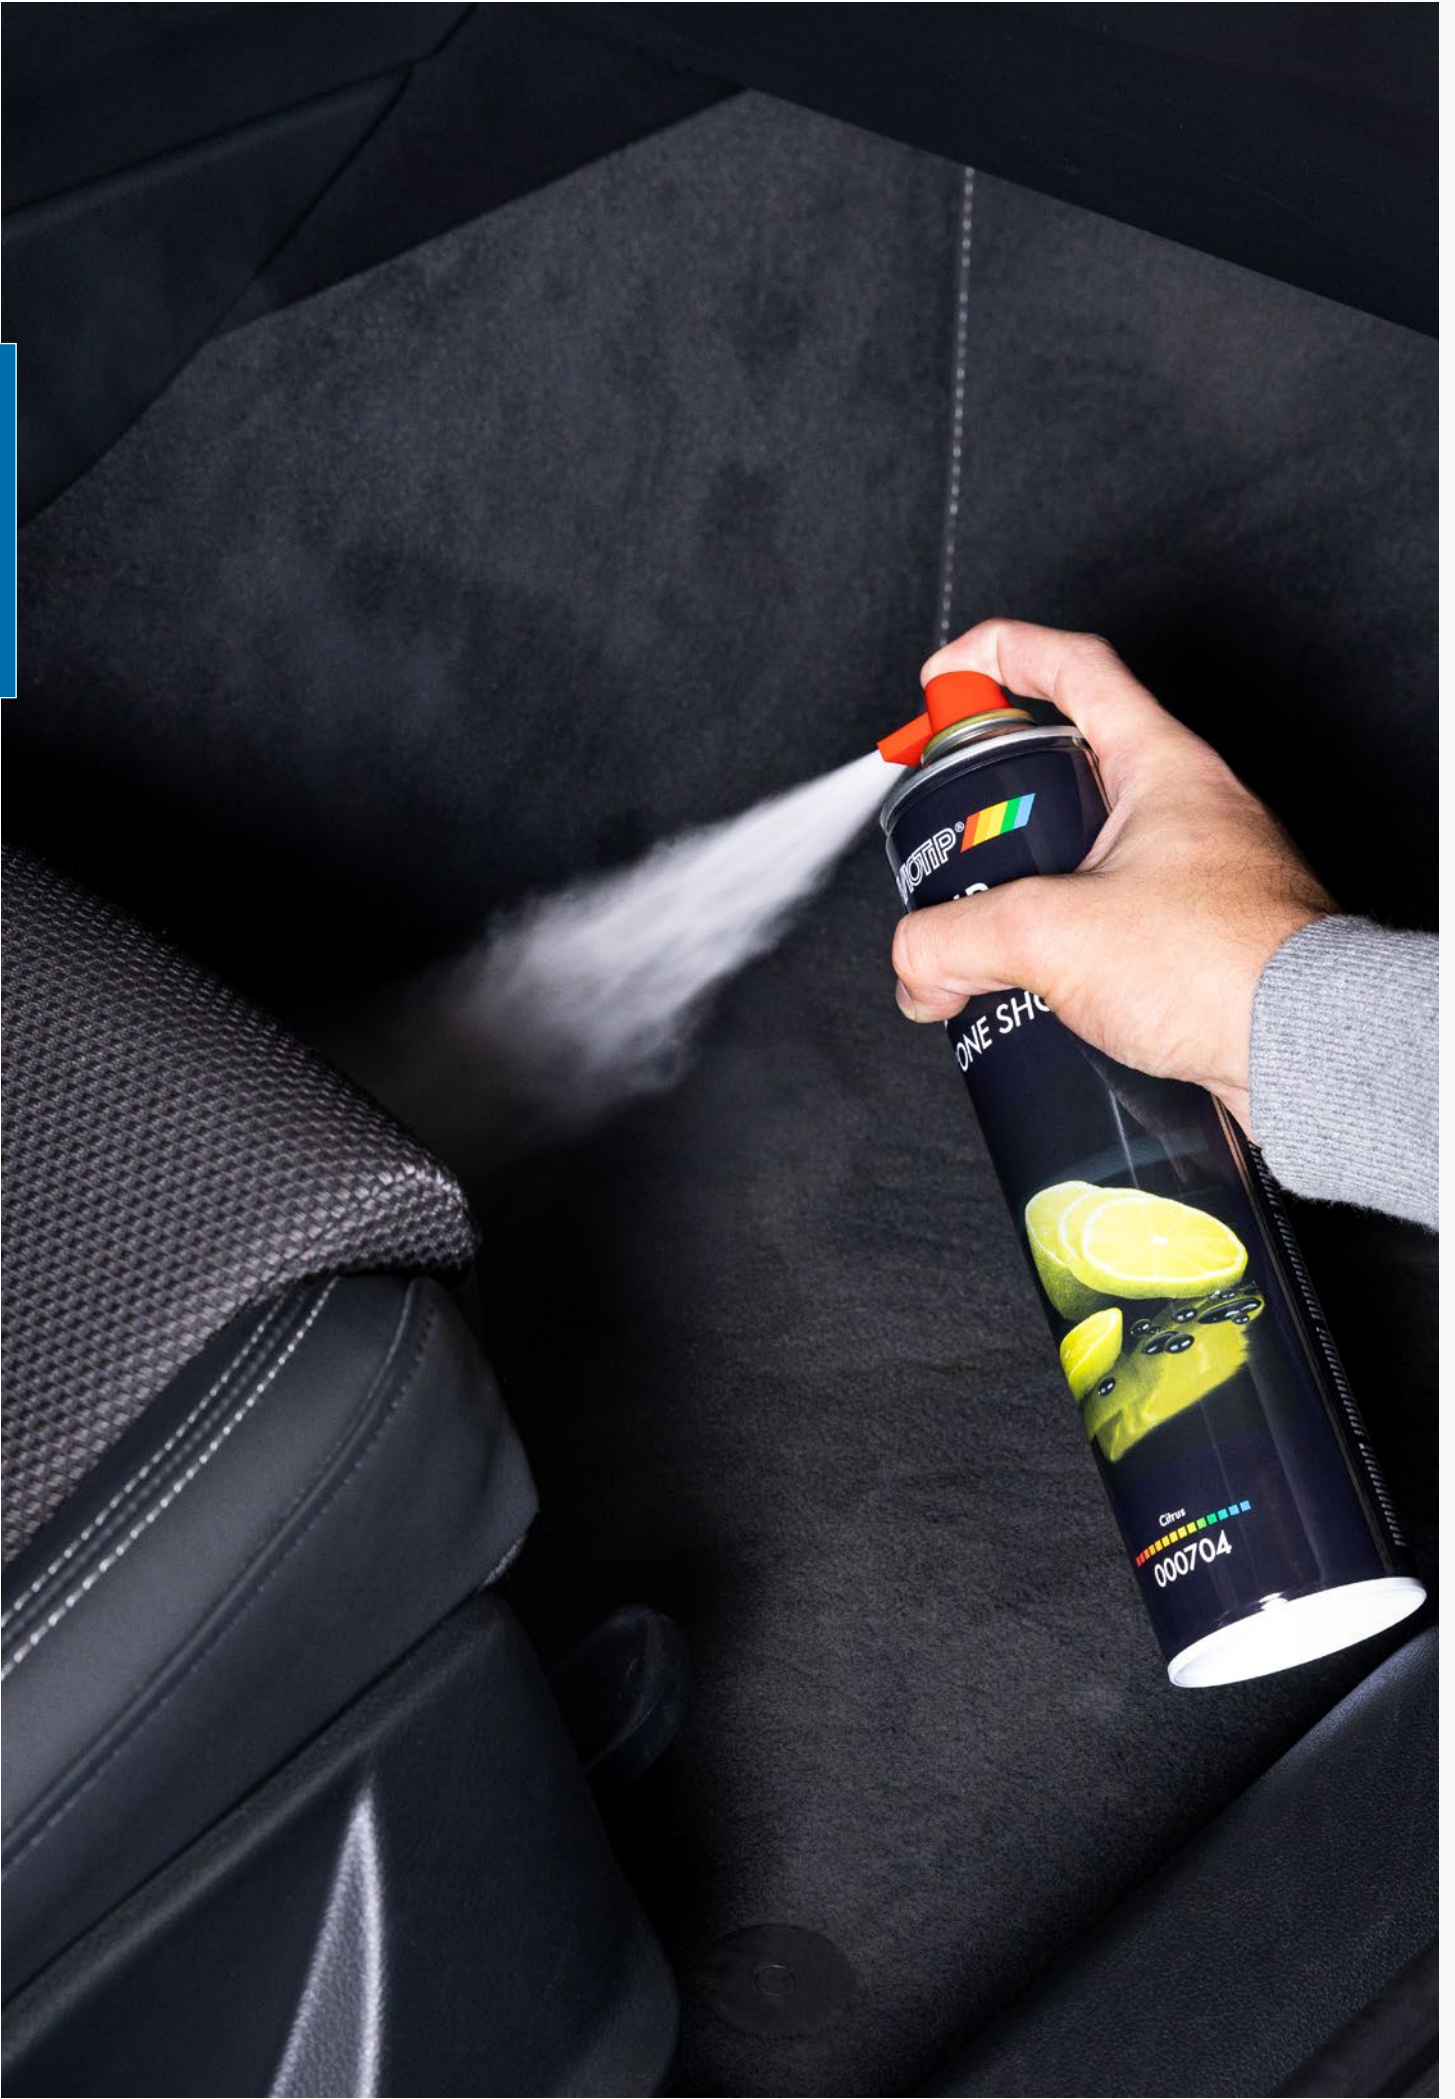

Description	Contents	Part No.	EAN-Code	PU
Hardener	50 G	000079	871134700091	1

## POLYESTER PUTTY PROFI

Universal two-component polyester putty to level irregularities in surfaces of steel, aluminium, wood, concrete and polyester. Polyester putty is elastic and very easy to sand. Polyester putty is re-sprayable with all lacquer systems and resistant to chemicals and the weather. Polyester putty can be applied in layers with a thickness up to 2 cm.

Description	Contents	Part No.	EAN-Code	PU
Polyester Putty Profi	2,00 KG	000056	8711347121007	6
Polyester Putty 'Soft' Profi	2,00 KG	000058	8711347121021	6
Glass Fibre Putty Profi	1,50 KG	000084	8711347121045	6

# CAR CARE

Cars sometimes need a little bit of extra care. Whether it is cleaning the car inside and out or recover the colour and shine with some polish. A wide range of Car Care products await every car lover.

### COCKPITSPRAY

Clean the dashboard in your car easily with MOTIP Cockpitspray. The cockpitspray protects and embellishes the dashboard and other plastic parts in the car and leaves a subtle scent. Cockpitspray is dirt repellent, silicone-free and anti-static. MOTIP Cockpitspray Semi Gloss has a directed jet spray and a 360° valve.

Description	Contents	Part No.	EAN-Code	PU
Cockpitspray Lavender	600 ML	000780	8711347228737	6
Cockpitspray Orange	600 ML	000781	8711347228751	6
Cockpitspray Vanilla	600 ML	000782	8711347228775	6
Cockpitspray Potpourri	600 ML	000783	8711347228799	6
Cockpitspray Apple	600 ML	000784	8711347228812	6
Cockpitspray Cranberry	600 ML	000785	8711347235773	6

### COCKPITSPRAY SEMI GLOSS

Clean the dashboard in your car easily with MOTIP Cockpitspray Semi Gloss. The cockpit spray protects and embellishes the dashboard and other plastic parts in the car and leaves a subtle scent. MOTIP Cockpitspray Semi Gloss has a subtle scent and gives a lasting, silky gloss.

Description	Contents	Part No.	EAN-Code	PU
Cockpitspray semi gloss	600 ML	000701	8711347212804	6

### COCKPIT FOAM (WATER-BASED)

Clean and embellish the dashboard in your car with MOTIP Cockpitspray Foam. The foam is water-carrying and leaves no residue, even on windscreens.

Description	Contents	Part No.	EAN-Code	PU
Cockpitspray Foam	600 ML	000702	8711347218929	6

### COCKPITSPRAY HIGH GLOSS

Clean the dashboard in your car easily with MOTIP Cockpitspray High Gloss. Cockpitspray protects and embellishes the dashboard and other plastic parts in the car and leaves a subtle scent. MOTIP Cockpitspray High Gloss has a subtle scent, is dirt repellent and anti-static and gives a lasting gloss.

Description	Contents	Part No.	EAN-Code	PU
Cockpitspray High Gloss	600 ML	000703	8711347218943	6

### INTERIOR CLEANER

Clean the interior of your car with MOTIP Interior Cleaner. Interior Cleaner has a high cleansing capacity and a subtle scent.

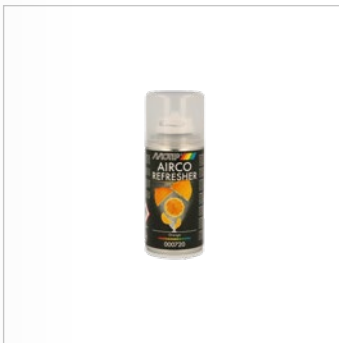

Description	Contents	Part No.	EAN-Code	PU

### AIR REFRESHER 'ONE SHOT'

Mask undesirable smells in small and large spaces with MOTIP Air Refresher 'One Shot'. Air Refresher 'One Shot' is very efficient and very effective.

Description	Contents	Part No.	EAN-Code	PU
Air Refresher 'One Shot'	600 ML	000704	8711347212866	6

### AIRCO REFRESHER

Refresh the air-conditioning system of your car with the various MOTIP Airco Refreshers in orange, lavender, apple and lemon scents. MOTIP Airco Refresher is very easy to apply.

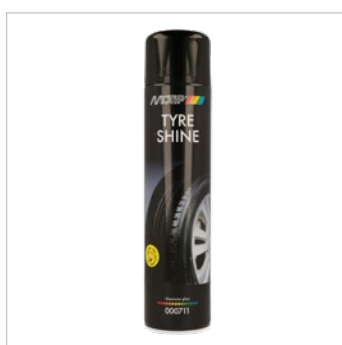

Description	Contents	Part No.	EAN-Code	PU
Airco Refresher Orange	150 ML	000720	8711347220151	12
Airco Refresher Lavender	150 ML	000721	8711347220175	12
Airco Refresher Lemon	150 ML	000722	8711347220199	12
Airco Refresher Apple	150 ML	000723	8711347245680	12
Display Airco Refresher	12 x 150 ML	DPCC700	8711347221080	1

### WHEEL CLEANER

Clean the rims and hubcaps of your car easily with MOTIP Wheel Cleaner. Wheel Cleaner is an effective foam with excellent cleansing properties, excellent vertical stability, gives a glossy result and has a 360° valve.

Description	Contents	Part No.	EAN-Code	PU
Wheel Cleaner	500 ML	000732	8711347220250	6
Wheel Cleaner	600 ML	000713	8711347212781	6

### TYRE SHINE

Let your tyres shine again with MOTIP Tyre Shine; the tyres of your car will look new again. Tyre Shine contains silicones and gives a glossy result. MOTIP Tyre Shine protects against the weather and is pH-neutral.

Description	Contents	Part No.	EAN-Code	PU
Tyre Shine	600 ML	000711	8711347212842	6

### TYRE REPAIR

Use MOTIP Tyre Repair to do emergency repairs on tubeless tyres. Tyre Repair can be used without removing the tyre.

Description	Contents	Part No.	EAN-Code	PU
Tyre Repair	500 ML	000712	8711347218967	6

### WHEEL PROTECT WAX

Protect your rims and hubcaps with MOTIP Wheel Protect Wax. Wheel Protect Wax gives a glossy result, reduces the adhesion of dirt, is free from solvents, is pH-neutral and contains silicones.

Description	Contents	Part No.	EAN-Code	PU
Wheel Protect Wax	500 ML	000733	8711347220274	6

### GLASS CLEANER

Clean the windows and mirrors of your car easily with MOTIP Glass Cleaner. It is a high-quality spray with high cleaning capacity. Glass Cleaner has high dissolving properties and leaves no residue. MOTIP Glass Cleaner is a slightly basic, cleansing and de-greasing foam.

Description	Contents	Part No.	EAN-Code	PU
Glass Cleaner	500 ML	000731	8711347220236	6
Glass Cleaner	600 ML	000706	8711347212828	6

### ANTI CONDENS

Easily prevent condensation on windows and mirrors of your car with MOTIP Anti Condens. You can use the spray both for the interior and the exterior of the car. MOTIP Anti Condens is free from solvents.

Description	Contents	Part No.	EAN-Code	PU
Anti Condens	500 ML	000730	8711347220212	6

### RAIN AWAY

Repel rain on your car's windows and mirrors with MOTIP Rain Away. The spray can also be used to repel rain from the visor of your helmet or windshield of your scooter. MOTIP Rain Away reduces the adhesion of dirt and contains silicones.

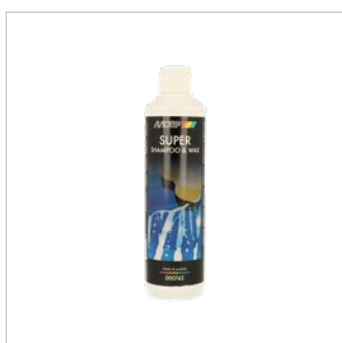

Description	Contents	Part No.	EAN-Code	PU
Rain Away	500 ML	000734	8711347220298	6

### INSECT CLEANER

Remove insects from your car easily with MOTIP Insect Cleaner. Insect Cleaner has a high cleaning capacity and contains tenside and has a 360° valve. Insect Cleaner is a slightly basic, cleansing foam and is safe for plastic and lacquered parts.

Description	Contents	Part No.	EAN-Code	PU
Insect Cleaner	500 ML	000735	8711347220311	6
Insect Cleaner	600 ML	000705	8711347219001	6

### SUPER SHAMPOO & WAX

Wash your car easily with MOTIP Super Shampoo & Wax. Super Shampoo & Wax has excellent cleansing properties and gives a glossy result. Super Shampoo & Wax protects against the weather and reduces the adhesion of dirt. MOTIP Super Shampoo & Wax is free from solvents and is highly concentrated.

Description	Contents	Part No.	EAN-Code	PU
Super Shampoo & Wax	500 ML	000743	8711347220397	6

### TAR & RESIN REMOVER

Remove tar, bitumen, asphalt and resin from your car with MOTIP Tar & Resin Remover. Tar & Resin Remover is easy to apply and pH-neutral.

Description	Contents	Part No.	EAN-Code	PU
Tar & Resin Remover	600 ML	000765	8711347228898	6

### SPEED WAX

Give your car a lasting gloss with MOTIP Speed Wax. Speed Wax is suitable for painted, plastic and chromed parts of the car. The wax is water-repellent and reduces the adhesion of dirt. Speed wax is ideal for larger surfaces, is pH-neutral and non-polishing and contains silicones.

Description	Contents	Part No.	EAN-Code	PU
Speed Wax	600 ML	000710	8711347218868	6

### SCRATCH AWAY

Polish away small, superficial damage in lacquered surfaces on your car with MOTIP Scratch Away. Scratch Away is a polish past that will restore the original colour and maintains the gloss. MOTIP Scratch Away has high polishing properties and contains silicones.

Description	Contents	Part No.	EAN-Code	PU
Scratch Away	250 ML	000745	8711347220434	6

### CHROME POLISH

Clean chrome parts of your car easily with MOTIP Chrome Polish. The polish gives the car's chrome parts a new shine and protects against the weather. MOTIP Chrome Polish reduces the adhesion of dirt, is free from solvents and contains silicones.

Description	Contents	Part No.	EAN-Code	PU
Chrome Polish	500 ML	000742	8711347220373	6

### SUPER FAST WAX

Protect and restore the gloss of lacquered surfaces on your car easily with the maintenance, product MOTIP Super Fast Wax. Super Fast Wax protects against the weather, gives a glossy result, reduces the adhesion of dirt and contains silicones.

Description	Contents	Part No.	EAN-Code	PU
Superfast Wax	500 ML	000744	8711347220410	6

# TEXTILE CLEANER

## HOW TO EASILY CLEAN THE UPHOLSTERY IN YOUR CAR?

- 1.** The aerosol should have room temperature. Best processing temperature is 5 to 30°C.
- 2.** Before use, shake the aerosol well.
- 3.** Apply Textile Cleaner and allow to take effect.
- 4.** Wipe off the dirt with a dry, clean cloth.

**NOTHING YOU CAN'T FIX**

### COLOUR RENOVATOR

Restore the original colour of your car easily with MOTIP Colour Renovator. This polish restores the gloss and colour of weathered lacquered surfaces on your car, both metallic and non-metallic. Colour Renovator has excellent polishing properties and protects against the weather. Colour Renovator gives a glossy result and restores the original colour. MOTIP Colour Renovator reduces the adhesion of dirt and contains silicones.

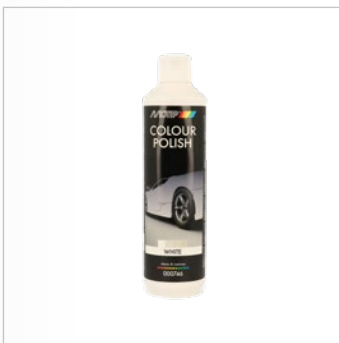

Description	Contents	Part No.	EAN-Code	PU
Colour Renovator	500 ML	000741	8711347220359	6

### POLISH & WAX

Protect and restore the gloss of lacquered surfaces on your car easily with MOTIP Polish & Wax. Polish & Wax protects against the weather and gives a glossy result. MOTIP Polish & Wax reduces the adhesion of dirt and contains silicones.

Description	Contents	Part No.	EAN-Code	PU
Polish & Wax	500 ML	000740	8711347220335	6

### COLOUR POLISH

Remove superficial scratches in the lacquered surfaces of your car with MOTIP Colour Polish. The polish contains pigment which masks the superficial scratches. Colour Polish gives your car glossy result and restores the original car colour. Colour Polish is lightly polishing, protects against the weather, reduces the adhesion of dirt and contains silicones.

Description	Contents	Part No.	EAN-Code	PU
○ Colour Polish white	500 ML	000746	8711347220458	6
● Colour Polish black	500 ML	000747	8711347220472	6
● Colour Polish blue	500 ML	000748	8711347220496	6
● Colour Polish light red	500 ML	000749	8711347220519	6
● Colour Polish grey	500 ML	000750	8711347220533	6
● Colour Polish green	500 ML	000751	8711347220557	6
● Colour Polish red	500 ML	000752	8711347220571	6

### LEATHER CONDITIONER

Clean and protect the leather and imitation leather upholstery in your car with MOTIP Leather Conditioner. Leather Conditioner reduces the adhesion of dirt and conditions leather. MOTIP Leather Conditioner contains vaseline and is silicone-free.

Description	Contents	Part No.	EAN-Code	PU
Leather Conditioner	500 ML	000754	8711347220618	6
Leather Conditioner	600 ML	000708	8711347218882	6

### LEATHER CLEANER

Maintenance product to clean and protect leather and imitation leather upholstery. MOTIP Leather Cleaner has high dissolving properties and a subtle scent.

Description	Contents	Part No.	EAN-Code	PU
Leather Cleaner	600 ML	000714	8711347221059	6

### TEXTILE CLEANER

Clean the upholstery of your car seats easily with MOTIP Textile Cleaner. Textile Cleaner is a user-friendly cleansing foam and dries fast. MOTIP Textile Cleaner has high dissolving properties and a subtle scent.

Description	Contents	Part No.	EAN-Code	PU
Textile Cleaner	600 ML	000707	8711347218844	6

### RUBBER & PLASTIC CONDITIONER

Maintain the rubber and plastic parts of your car with MOTIP Rubber & Plastic Conditioner. Conditions rubber parts and restores the gloss and intensifies the colour of plastic parts. Rubber & Plastic Conditioner gives a lasting gloss and is very suitable for removing the residue from polishes. Rubber & Plastic Conditioner prevents freezing and drying out of rubber parts and protects against bad weather. MOTIP Rubber & Plastic Conditioner contains silicones and is pH-neutral.

Description	Contents	Part No.	EAN-Code	PU
Plastic & Rubber Conditioner	600 ML	000709	8711347218820	6

### BUMPER BLACK

Restore the colour and gloss of your bumper easily with MOTIP Bumper Black. Bumper Black protects your bumper against the weather and reduces the adhesion of dirt. MOTIP Bumper Black contains silicones and is free from solvents.

Description	Contents	Part No.	EAN-Code	PU
Bumper Black	500 ML	000753	8711347220595	6

# TUNING

Embellish parts such as brake calipers, the engine, mirrors, rims of cars with the colourful Tuning paint specially for these purposes. The Tuning range will give every car some sleek details.

## BRAKE CALIPER PAINT

Paint your brake calipers in a new colour with MOTIP Brake Caliper Paint. Use the paint to highlight brake pads in the colours yellow, red, blue and silver. The paint has good filling properties and a lasting gloss. The paint is scratch free, shock proof and resistant to petrol, chemicals and the weather, and is rust and dirt preventive.

Description	Contents	Part No.	EAN-Code	PU
● Brake Caliper Paint silver	400 ML	04096	8711347194940	6
● Brake Caliper Paint yellow	400 ML	04097	8711347040971	6
● Brake Caliper Paint red	400 ML	04098	8711347040988	6
● Brake Caliper Paint blue	400 ML	04099	8711347058617	6

## BACKLIGHT PAINT

Highlight the rear lights of your car with MOTIP Backlight Spray. The transparent lacquer has a lasting gloss and is scratch-free and shock proof. The lacquer is resistant to petrol, chemicals and the weather.

Description	Contents	Part No.	EAN-Code	PU
● Backlight black	400 ML	00260	8711347011728	6
● Backlight red	400 ML	00261	8711347011735	6
Backlight Remover	150 ML	00164	8711347182305	6

## ENGINE PAINT

Paint your engine block in a new colour with MOTIP Engine Paint. You can spray the engine block of your car in the colours red, black, aluminium, blue and green.

Description	Contents	Part No.	EAN-Code	PU
● Engine Paint red	400 ML	04091	8711347040919	6
● Engine Paint black	400 ML	04092	8711347040926	6
● Engine Paint aluminium	400 ML	04093	8711347040933	6
● Engine Paint blue	400 ML	04094	8711347040940	6
● Engine Paint green	400 ML	04095	8711347055432	6

## REMOVABLE COATING

Give details of your car a new look with a removable coating on parts such as rims and the logo emblem of your car with MOTIP Removable Coating. Remove the coating again easily by pulling off the created film. Suitable to treat smooth, non-absorbing surfaces, like blank metal, aluminium, glass and surfaces treated with 2K lacquers. MOTIP Removable Coating is oversprayable but not suitable for surfaces treated with 1K lacquer systems.

Description	Contents	Part No.	EAN-Code	PU
● Removable Coating black matt	500 ML	04301	8711347230815	6
● Removable Coating black high gloss	500 ML	04302	8711347230839	6
○ Removable Coating white high gloss	500 ML	04303	8711347230853	6
● Removable Coating carbon high gloss	500 ML	04304	8711347230877	6
● Removable Coating green high gloss	500 ML	04305	8711347230891	6
● Removable Coating orange high gloss	500 ML	04306	8711347230914	6
○ Removable Coating transparent high gloss	500 ML	04307	8711347245147	6
● Removable Coating blue high gloss	500 ML	04308	8711347245161	6
● Removable Coating red high gloss	500 ML	04309	8711347245185	6
● Removable Coating fluor yellow	500 ML	04310	8711347245208	6

# ADDITIVES

The risk of problems in the engine of the car can be reduced with adding additives to the system. This way the diesel or petrol engine of the car is clean and protected.

# AUTOMOTIVE ADDITIVES

FOR EFFECTIVE CLEANING AND PROTECTION OF THE ENGINE

- Less wear of engine parts
- Improved engine performance
- Reduced emissions
- Lower fuel and oil consumption

Petrol additives

Diesel additives

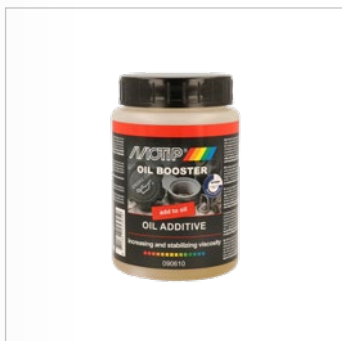

Oil additives

Radiator additives

**NOTHING YOU CAN'T FIX**

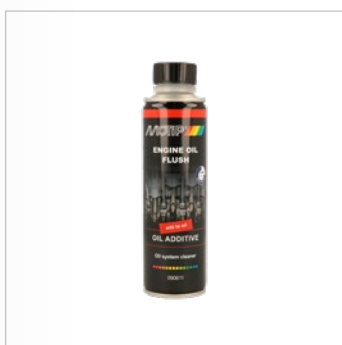

### OIL BOOSTER

Reduce wear and tear in old engines with MOTIP Oil Booster and prevent wear in new car engines. MOTIP Oil Booster is an additive developed especially for the oil system in the engine for both cars that run on petrol and cars that run on diesel. It increases the lubricity of engine oils and has strong adhesion even at high temperatures. Oil Booster lubricates cylinders even if the engine is not running. This prevents friction on starting after it has not been used for a long time. Less blow-by means less deposits, less fuel dilution and more power. Can be mixed with all engine oils and synthetic lubricators.

Description	Contents	Part No.	EAN-Code	PU
Oil Booster	440 ML	090610	8711347253050	12

### ENGINE OIL FLUSH

Solve pollution of the oil system in the car engine with MOTIP Engine Oil Flush. Engine Oil Flush is suitable for use in all diesel and petrol engines with or without a turbocharger. Neutralizes aggressive residues from the combustion process. Reliably dissolves contamination and resin formations in the entire oil system caused by engine operation, which can then easily be removed with the used oil during the oil change. Engine Oil Flush contains highly-effective anti-friction lubricants that reliably protect the engine during the cleaning process.

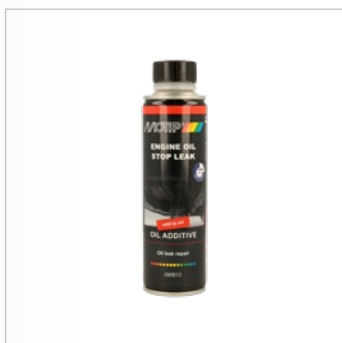

Description	Contents	Part No.	EAN-Code	PU
Engine Oil Flush	300 ML	090611	8711347252947	12

### HYDRAULIC VALVE LIFTER TREATMENT

Restore the function of hydraulic valves in the car engine with MOTIP Hydraulic Valve Lifter Treatment. Hydraulic Valve Lifter Treatment contains a high-performance package of effective additives for improved high-pressure properties, as well as wear and tear protection for all types of engine oils.

Description	Contents	Part No.	EAN-Code	PU
Hydraulic Valve Lifter Treatment	300 ML	090612	8711347253012	12

### ENGINE OIL STOP LEAK

Stop leakage of engine oil in the car with MOTIP Engine Oil Stop Leak. This additive stops oil leaking from the engine oil system in the car. In addition, the additive keeps the engine gaskets soft and supple.

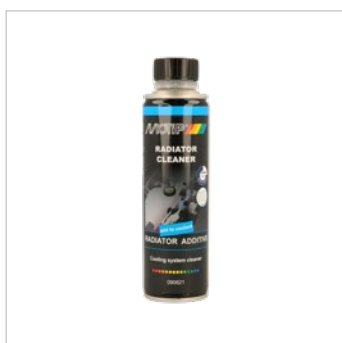

Description	Contents	Part No.	EAN-Code	PU
Engine Oil Stop Leak	300 ML	090613	8711347253036	12

### RADIATOR SEALANT

Seal small cracks and small leaks easily and reliably in the cooling system of your car with MOTIP Radiator Sealant. Radiator Sealant for use in all water-cooled, closed cooling systems [commercial vehicles, passenger cars, industrial heat exchangers]. Reliably seals critical hairline cracks and small leaks quickly and easily. Also for preventive use.

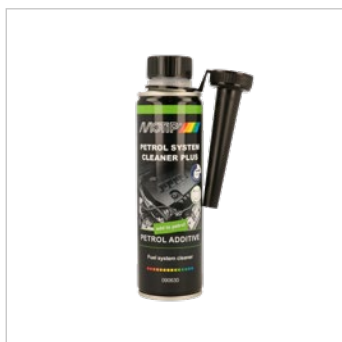

Description	Contents	Part No.	EAN-Code	PU
Radiator Sealant	300 ML	090620	8711347252992	12

### RADIATOR CLEANER

Clean the cooling system with MOTIP Radiator Cleaner. The Radiator Cleaner dissolves deposits and removes dirt in the cooling system of your car. Radiator Cleaner for use in all water-cooled, closed cooling systems [commercial vehicles, passenger cars, industrial heat exchangers]. Contains quick-reacting components for removal of contaminations from the entire cooling circuit caused by operation. Radiator Cleaner cleans the entire cooling system, dissolves and removes scale and improves performance of valves, thermostats and water pumps.

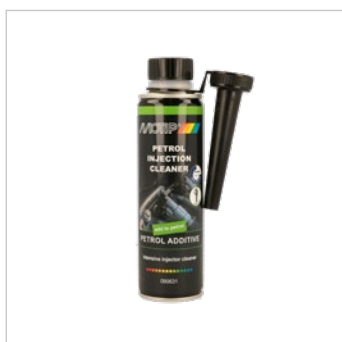

Description	Contents	Part No.	EAN-Code	PU
Radiator Cleaner	300 ML	090621	8711347252985	12

### PETROL SYSTEM CLEANER PLUS

Reliably remove contamination in the entire fuel system of your car's petrol engine with MOTIP Petrol System Cleaner Plus. Petrol System Cleaner Plus is suitable for all petrol engines. Removes contamination from the entire fuel system caused by operation, from the tank to the combustion chamber. Dissolves resins and gums in the carburettor and the injection system. Removes coking and unburned carbon residues from the upper cylinder area. Binds moisture and condensed water in the entire fuel system. Lubricates and protects the upper cylinder area.

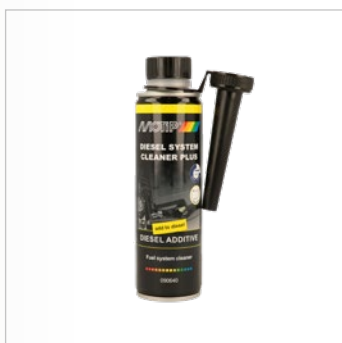

Description	Contents	Part No.	EAN-Code	PU
Petrol System Cleaner Plus	300 ML	090630	8711347252893	12

### PETROL INJECTION CLEANER

Clean the injector nozzles and intake of your car's petrol engine without dismantling with MOTIP Petrol Injection Cleaner. Remove contamination in the entire petrol-injection system due to operation.

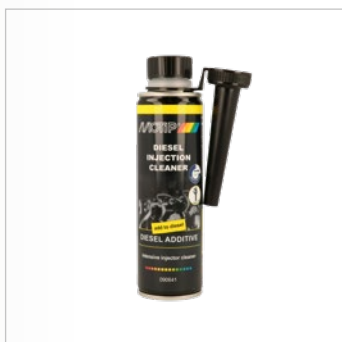

Description	Contents	Part No.	EAN-Code	PU
Petrol Injection Cleaner	300 ML	090631	8711347253074	12

### DIESEL SYSTEM CLEANER PLUS

Reliably remove contamination in the entire fuel system of your car's diesel engine caused by operation from the tank to the combustion chamber with MOTIP Diesel System Cleaner Plus. Diesel System Cleaner Plus is a high-performance product for use in all diesel engines, particularly developed for high-pressure direct injection diesel engines with common-rail technology or pump injectors. Especially recommended for extended service intervals. Absorbs and efficiently removes moisture from the diesel system and ensures effective protection of the high-pressure pump. Provides optimal fuel atomization, lasting lubrication and protection of all fuel-carrying parts. Suitable for vehicles with diesel particulate filters.

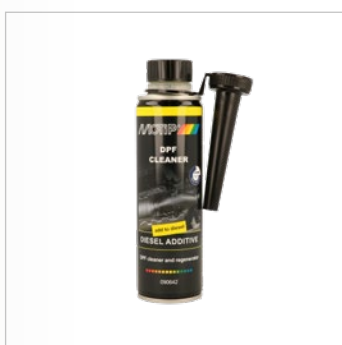

Description	Contents	Part No.	EAN-Code	PU
Diesel System Cleaner Plus	300 ML	090640	8711347252916	12

### DIESEL INJECTION CLEANER

Clean the injector nozzles and inlet of your car's diesel engine without dismantling with MOTIP Diesel Injection Cleaner. Carbon oil and soot deposits are properly removed. Ensures lasting lubrication of the injection pump, especially for low-sulphur diesel fuels. For use in all diesel engines. Also suitable for high-pressure direct injection diesel engines with common-rail technology or pump injectors.

Description	Contents	Part No.	EAN-Code	PU
Diesel Injection Cleaner	300 ML	090641	8711347253098	12

### DPF CLEANER

Reduce soot and exhaust gas emission with MOTIP DPF Cleaner for improved performance of the diesel engine in your car. DPF Cleaner is a high-performance additive for use in all diesel aggregates to increase engine performance. Compatible with all diesel engines and suitable for all types of diesel fuels.

Description	Contents	Part No.	EAN-Code	PU
DPF Cleaner	300 ML	090642	8711347252954	12

# TECHNICAL SPRAYS

From cleaning agents and lubricants to tools for disassembly, Technical Sprays are great maintenance products. The technical Sprays are categorised in cleaning, lubrication, protection, assembly and tools.

### V-BELT SPRAY

Protect the v-belt of your car with MOTIP V-Belt spray to remedy and prevent slipping. Also suitable for other vehicles and machines. Spray with excellent adhesion to protect V-Belts and to remedy and prevent slipping. MOTIP V-Belt spray is dilatant (increases in volume and viscosity) and user-friendly and gives lasting protection. MOTIP V-Belt Spray delays the wear, conditions V-belts and is resistant to the weather.

Description	Contents	Part No.	EAN-Code	PU
V-Belt Spray	500 ML	090102	8711347226382	12

### CABLE PROTECT

Prevent damage to cables and the wiring of your car by martens/small mammals with MOTIP Cable Protect. The treated surfaces take on a sticky protective film and Cable Protect can even be applied to moving parts. It has excellent adhesion, gives lasting protection, is odourless and resistant to the weather, weak acids and bases.

Description	Contents	Part No.	EAN-Code	PU
Cable Protect	500 ML	090103	8711347226405	12

### IMPREGNATION SPRAY

Make materials such as the upholstery of your car waterproof with MOTIP Impregnation Spray. Suitable for all types of textiles and leather from shoes to tents. Protective spray to keep material and leather dirt-free. An invisible protective film is formed, which is water-repellent and breathable. It offers lasting protection and is user-friendly.

Description	Contents	Part No.	EAN-Code	PU
Impregnation Spray	500 ML	090104	8711347226429	12

### ANTI-CORROSION PRIMER

Protect steel parts and machines with MOTIP Anti-Corrosion Primer. Suitable as pre-treatment for topcoating with air drying alkyd resin varnishes. Fast-drying, lead-free red oxide primer to treat untreated surfaces of ferro-metal. Suitable as pre-treatment for respraying with air drying alkyd lacquer systems. Anti-corrosion primer has excellent coverage, filling properties and adhesion. MOTIP Anti Corrosion is weldable and easy to sand and has excellent corrosion prevention.

Description	Contents	Part No.	EAN-Code	PU
Anti Corrosion Primer	500 ML	090106	8711347226467	12

## SILICONE SPRAY

Protect and lubricate rubber parts against freezing, drying out and plastic parts from creaking and squeaking with MOTIP Silicone Spray. Silicone spray is water-repellent, pH-neutral and resistant to the weather and weak acids and bases. Silicone spray has outstanding mechanical and thermal stability. MOTIP Silicone Spray has a directed jet-spray and is resistant to temperatures of - 50°C up to+ 200°C.

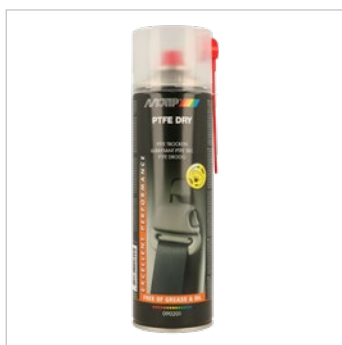

Description	Contents	Part No.	EAN-Code	PU
Silicone Spray	500 ML	090107	8711347226481	12

## ELECTRO PROTECT

Prevent starting problems caused by moisture in electrical systems with MOTIP Electro Protect. Electro Protect is water- and moisture-repellent. It is also resistant to salt, weak acids, bases and is pH neutral. MOTIP Electro Protect offers excellent adhesion and corrosion protection.

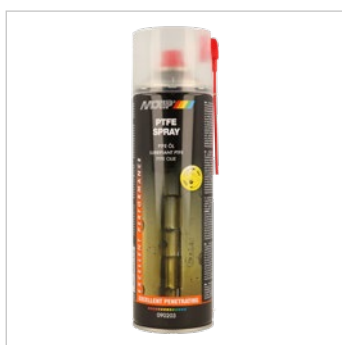

Description	Contents	Part No.	EAN-Code	PU
Electro Protect	500 ML	090108	8711347226504	12

### PTFE DRY

MOTIP PTFE Dry provides good lubrication and leaves a dry surface. Its very low friction factor formula makes it perfect for use on mechanisms that are regularly used such as chains, tools, drills, rails, lock mechanisms and many more applications. PTFE Dry is dry surface lubricant that removes oil and grease from metal and plastic parts. It has a very low friction factor preventing wear and sticking, offers excellent adhesion and is resistant to the weather. Suitable for parts that are subjected to light loads and low speed. It can be used as a release agent for moulds when the use of silicone is not required.

Description	Contents	Part No.	EAN-Code	PU
PTFE Dry	500 ML	090201	8711347226245	12

### PTFE OIL

Restore suppleness to parts with MOTIP PTFE Oil and ensure that windshield wipers, seat belts, door locks, hinges and many more application fields to run smoothly again. PTFE Oil is a universal lubricant with outstanding mechanical and thermal stability to treat mechanical parts of metal and plastic. PTFE oil has a very low friction factor, a fine structure [particle size approximately 5 micrometer] and excellent adhesion. PTFE oil is resistant to the weather and weak acids and bases, is water-repellent and pH-neutral. PTFE oil prevents wear and sticking. MOTIP PTFE Oil is resistant to temperatures of - 50°C up to + 250°C.

Description	Contents	Part No.	EAN-Code	PU
PTFE Oil	500 ML	090203	8711347226269	12

### WHITE GREASE

Let stuck parts, hinges, bearings, springs and many more application run smoothly again with White Grease containing PTFE. Spray Grease has excellent adhesion and high viscosity to lubricate mechanical parts of metal or plastic. White grease has outstanding mechanical and thermal stability and is resistant to the weather and weak acids and bases. White grease is water-repellent and pH neutral. White grease contains PTFE [polytetrafluorethen] and prevents wear and sticking. MOTIP White Grease is resistant to temperatures of - 30°C up to + 160°C.

Description	Contents	Part No.	EAN-Code	PU
White Grease	500 ML	090204	8711347226283	12

## INDUSTRIAL CHAIN GREASE

Lubricate chain-driven transmissions which are subjected to heavy loads with MOTIP Industrial Chain Grease. Industrial chain grease can be processed like oil, with the properties of grease.

Description	Contents	Part No.	EAN-Code	PU
Industrial Chain Grease	500 ML	090205	8711347226306	12

## MULTI SPRAY

Prevent creaking and squeaking and let stuck parts run smoothly again by lubricating the parts with MOTIP Multi Spray. The Multi Spray has a cleaning effect and removes oil, grease, wax and tar. MOTIP Multi Spray is a universal oil that lubricates, protects and cleans. It offers excellent penetration, is moisture-repellent, prevents rust, and leaves a protective film.

Description	Contents	Part No.	EAN-Code	PU
Multi Spray	500 ML	090206	8711347226320	12

### TEXTILE CLEANER

Clean car seats and other types of fabrics with MOTIP Textile Cleaner. Textile Cleaner is user-friendly, fast-drying, neutralises unpleasant odours and has a subtle scent.

Description	Contents	Part No.	EAN-Code	PU
Textile Cleaner	500 ML	090500	8711347225781	12

### COLD DEGREASER

Remove oil, paint, wax, undercoating and tar from car engine parts with MOTIP Cold Degreaser. Also suitable for machines, sheet metal, bridges and tools. It is an emulsifying cleaner to remove a-polar preservatives from treated and untreated surfaces of metal. Cold degreaser has high dissolving properties and leaves no residue. MOTIP Cold Degreaser can be rinsed with water (emulsifying) and is non-corrosive.

Description	Contents	Part No.	EAN-Code	PU
Cold Degreaser	500 ML	090501	8711347225668	12

### TYRE CLEANER

Make car tyres look new again with MOTIP Tyre Cleaner. The foam makes the car tyres clean again and intensifies the colour of the tyres. It is user-friendly, leaves a gloss finish, protects against the weather and can even be applied to wet tyres. Tyre Cleaner contains silicones and has a low solvent content.

Description	Contents	Part No.	EAN-Code	PU
Tyre Cleaner	500 ML	090502	8711347225828	12

### STAINLESS STEEL CLEANER

Clean stainless steel parts such as tubs and machines and protect them against new dirt with MOTIP Stainless Steel Cleaner. Its unique formula enables a thin protective film to be formed, which prevents the build-up of dirt.

Description	Contents	Part No.	EAN-Code	PU
Stainless Steel Cleaner	500 ML	090503	8711347225804	12

### GLASS CLEANER

Clean the windscreens and mirrors with MOTIP Glass Cleaner. The Glass Cleaner is an easy-to-use degreasing foam.

Description	Contents	Part No.	EAN-Code	PU
Glass Cleaner	500 ML	090504	8711347225880	12

### CONTACT CLEANER

Clean the electrical contacts in your car such as the battery with MOTIP Contact Cleaner. The Contact Cleaner is non-conductive and has various applications from batteries to mixing panels and switches. Contact Cleaner is non-conductive and non-corrosive, leaves no residue, has a powerful jet-spray and can be used in various positions.

Description	Contents	Part No.	EAN-Code	PU
Contact Cleaner	500 ML	090505	8711347225644	12

### ENGINE CLEANER

Clean engines of vehicles and machines with MOTIP Engine Cleaner. Engine Cleaner has high dissolving properties without leaving a residue. It is also non-conductive and non-corrosive.

Description	Contents	Part No.	EAN-Code	PU
Engine Cleaner	500 ML	090506	8711347225606	12

### AIRCO CLEANER

Clean and condition the air conditioning of the car with MOTIP Airco Cleaner. The foam ensures that the air conditioning of the car is clean again. It provides a subtle scent as well as lasting prevention of odours.

Description	Contents	Part No.	EAN-Code	PU
Airco Cleaner	500 ML	090508	8711347225842	12

### INDUSTRIAL CLEANER

Remove contaminants from treated and untreated metal and various plastics with MOTIP Industrial Cleaner. Industrial Cleaner is for universal use, has high dissolving properties, leaves no residue, and is non-conductive and non-corrosive.

Description	Contents	Part No.	EAN-Code	PU
Industrial Cleaner	500 ML	090509	8711347225927	12

### CARBURETTOR CLEANER

Clean the inside and outside of carburetors, butterfly valves and drain valves without disassembling with MOTIP Carburettor Cleaner. It has high dissolving properties, leaves no residue, is non-corrosive and has a precise jet-spray.

Description	Contents	Part No.	EAN-Code	PU
Carburettor Cleaner	500 ML	090510	8711347225620	12

### MULTI FOAM

Use MOTIP Multi Foam as a universal cleaner. After use, your items will be spotless again. The cleaning foam has high dissolving properties for light dirt. Multi Foam Cleaner is user-friendly and very effective and has a subtle scent. MOTIP Multi Foam Cleaner to remove deposits of smoke, ink and grease.

Description	Contents	Part No.	EAN-Code	PU
Multi Foam	500 ML	090511	8711347225866	12

### CITRUS CLEANER

Remove grease, tar, oil, wax, ink, resin, stickers and glue residue from treated and untreated surfaces including metal, wood, stone and various plastics with MOTIP Citrus Cleaner. The citrus spray breaks down fats and cleans easily.

Description	Contents	Part No.	EAN-Code	PU
Citrus Cleaner	500 ML	090513	8711347225941	12

### BRAKE CLEANER

Easily remove dirt off your brakes with MOTIP Brake Cleaner. Brake Cleaner can be used on drum brakes, disc brakes, brake linings, calipers and brake shoes. The brake cleaner has excellent dissolving properties, leaves no residue and is non-conductive and non-corrosive. MOTIP Brake Cleaner has a powerful jet-spray and can be used in various positions.

Description	Contents	Part No.	EAN-Code	PU
Brake Cleaner	750 ML	090514	8711347236589	12
Brake Cleaner	500 ML	090563	8711347225767	12

### DPF CLEANER

Remove ash deposits in diesel-particle filter systems without disassembly with MOTIP DPF Cleaner. DPF Cleaner is fast-acting and is non-corrosive. MOTIP DPF Cleaner is free from solvents and non-flammable.

Description	Contents	Part No.	EAN-Code	PU
DPF Cleaner	400 ML	090515	8711347228836	12

### EGR CLEANER

Dissolve deposits in EGR valves, air intake systems, manifolds and inlet valves with MOTIP EGR Cleaner. EGR cleaner restores the air supply to the engine, improves acceleration whilst reducing exhaust smoke. It is a fast-acting exhaust gas recirculation cleaner and leaves no residue. EGR Cleaner prevents resin deposits. The spray has a 360 valve.

Description	Contents	Part No.	EAN-Code	PU
EGR Cleaner	500 ML	090516	8711347228850	12

### CHEWING GUM FREEZER

Remove chewing gum from the upholstery of your car with MOTIP Chewing Gum Freezer. Effective tool for removing chewing gum from carpets, upholstery and pavement. Chewing gum freezer briefly decreases the temperature to - 40°C. MOTIP Chewing Gum Freezer is user-friendly and has a directed jet-spray.

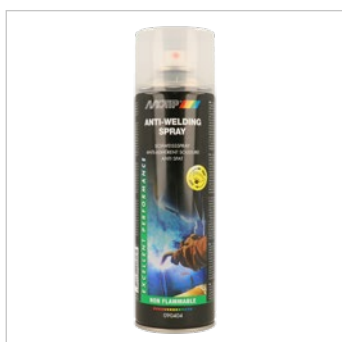

Description	Contents	Part No.	EAN-Code	PU
Chewing Gum Freezer	500 ML	090402	8711347226009	12

### GASKET REMOVER

Remove dried adhesives and seals, as well as hardened sealing material quickly and easily from car and machine parts with MOTIP Gasket Remover. Suitable for Cylinder heads, gearboxes, exhausts, carters, plumbing, water and oil pumps and electric motors. MOTIP Gasket Remover has excellent dissolving properties, is non-conductive, non-corrosive, is highly viscous, and user-friendly with a precise spray.

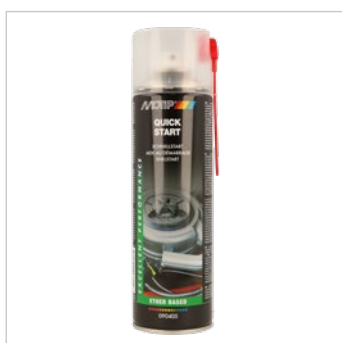

Description	Contents	Part No.	EAN-Code	PU
Gasket Remover	500 ML	090403	8711347225705	12

### ANTI-WELDING SPRAY

Prevent adhesion of welding splatter to the area around the welding zone with MOTIP Anti-Welding. It is non-flammable, silicone-free, and non-corrosive. Anti-Welding offers great coverage, can be removed with water and has a misty spray pattern.

Description	Contents	Part No.	EAN-Code	PU
Anti-Welding Spray	400 ML	090404	8711347226061	12

### QUICK START

Use MOTIP Quick Start for eliminating internal combustion engine starting problems of both petrol and diesel engines. The spray is ether-based.

Description	Contents	Part No.	EAN-Code	PU
Quick Start	500 ML	090405	8711347226085	12

## LEAK DETECTOR

Easily find leaks in gas pipes with MOTIP Leak Detector. Leak detector is non-flammable and non-corrosive. Leak detector can be removed with water and is environmentally-friendly. Leak detector is slightly foaming and slightly basic. MOTIP Leak Detector is DVGW-certified, number NG/5170BR0105.

Description	Contents	Part No.	EAN-Code	PU
Leak Detector	400 ML	090406	8711347226047	12

## CUT & DRILL LUBRICANT

Prevent overheating of metals in cutting and drilling activities with MOTIP Cut & Drill Lubricant. Cut and Drill Lubricant protects and lubricates the tool and reduces wear of the tool. MOTIP Cut and Drill Lubricant is silicone-free and non-corrosive.

Description	Contents	Part No.	EAN-Code	PU
Cut & Drill Lubricant	500 ML	090407	8711347225965	12

## DUST REMOVER

Remove dust and dirt from hard-to-reach places easily with MOTIP Dust Remover. It's compatible with any kind of material. MOTIP Dust Remover is composed of an ecological and 100% non-flammable gas, with a low Global Warming Potential. Useful for eliminating dust and moisture from any mechanism or part that does not allow the use of solvents. It's particularly suitable for removing dirt from precision instruments, laboratory equipment, digital camera sensors (CCD and CMOS), optical fibres, optical devices and cameras. The attached straw makes it possible to reach the most hidden areas. MOTIP Dust Remover has a powerful, directed jet-spray. Suitable for 360° use.

Description	Contents	Part No.	EAN-Code	PU
Dust Remover	250 ML	090408	8711347225743	12

## DUST REMOVER (FLAMMABLE)

Remove dust and dirt from hard-to-reach areas with MOTIP Dust Remover. Suitable for all kinds of devices. MOTIP Dust Remover (Flammable) is composed of a pure propellant gas to remove dust and lint from non-precision equipment. It is versatile and handy and should be part of every servicing kit – perfect for situations when compressed air is not available. The attached straw makes it possible to reach the most hidden areas. MOTIP Dust Remover has a powerful, directed jet-spray. The product can't be used on energized equipment. Suitable for 360° use.

Description	Contents	Part No.	EAN-Code	PU
Dust Remover (Flammable)	250 ML	090415	8711347253142	12

### FREEZER ELECTRONIC

Easily trace cracks in printed circuit boards with MOTIP Freezer Electronic. Suitable for all kinds of devices from computers and printers to control panels. MOTIP Freezer Electronic is composed of an ecological and 100% non-flammable gas, with a low Global Warming Potential. It's compatible with any kind of material. Freezer electronic can be used in various positions. MOTIP Freezer Electronic briefly decreases the temperature to - 50°C and has a directed jet-spray.

Description	Contents	Part No.	EAN-Code	PU
Freezer Electronic	360 ML	090409	8711347225682	12

### PAINT REMOVER

Remove old layers of paint from surfaces of stone, concrete, asphalt, metal and wood with MOTIP Paint Remover. Paint Remover has a gel structure and is user-friendly.

Description	Contents	Part No.	EAN-Code	PU
Paint Remover	500 ML	090410	8711347225729	12

### BLACK OIL

Prevent wear and sticking of screwed connections exposed to heavy workloads with MOTIP Black Oil. Black Oil is water repellent, prevents corrosion, and is resistant to the weather, weak acids and bases. It has a precise jet-spray and a 360° valve.

Description	Contents	Part No.	EAN-Code	PU
Black Oil	500 ML	090300	8711347225583	12

### COPPER SPRAY

Prevent wear and sticking of screwed connections exposed to very high temperatures with MOTIP Copper Grease. Copper Grease has high thermal stability and is corrosion preventive. MOTIP Copper Grease is resistant to temperatures of - 40°C up to + 1.100°C.

Description	Contents	Part No.	EAN-Code	PU
Copper Spray	500 ML	090301	8711347226122	12

### VASELINE SPRAY

Protect your bike's rims and screw connections with MOTIP Vaseline Spray. Vaseline Spray is a universal lubricant and preservative spray with excellent adhesion. Vaseline Spray prevents clamping and protects screw connections and rims against corrosion and wear.

Description	Contents	Part No.	EAN-Code	PU
Vaseline Spray	500 ML	090302	8711347226146	12

### PENETRATING OIL

Loosen rusted parts with MOTIP Penetrating Oil. This oil has good penetrative properties, it contains graphite and MoS<sub>2</sub>, is moisture repellent and prevents rusting.

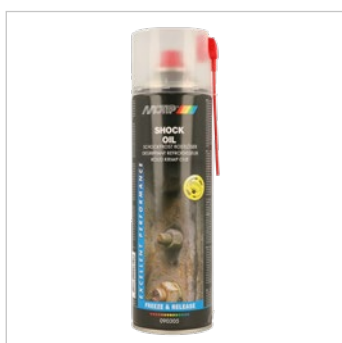

Description	Contents	Part No.	EAN-Code	PU
Penetrating Oil	500 ML	090303	8711347226160	12

### GLUE

Use MOTIP Glue to glue paper, cardboard, wood, textiles, cork, leather and various types of plastic for both permanent and temporary adhesion.

Description	Contents	Part No.	EAN-Code	PU
Glue	500 ML	090304	8711347226184	12

### SHOCK OIL

Loosen rusted parts with MOTIP Shock Oil. As a result of the fierce decrease in temperature to -30°C and the lubricating properties of shock oil, the screwed connection can be loosened.

Description	Contents	Part No.	EAN-Code	PU
Shock Oil	500 ML	090305	8711347226108	12

### FREEZER

Loosen pressed connections such as crankshafts and fastening materials (screws, bolts and nuts) with MOTIP Freezer. MOTIP Freezer briefly decreases temperature to -50°C to loosen pressed connections and has a precise jet spray.

Description	Contents	Part No.	EAN-Code	PU
Freezer	500 ML	090306	8711347226207	12

### CERAMIC GREASE

Assemble ABS brake systems and lambda sensors of the car easily with MOTIP Ceramic Grease. The metal-free ceramic grease is suitable for treating parts that are subject to extremely high loads and/or exposed to very high temperatures. Metal free Ceramic Grease has excellent adhesion.

Description	Contents	Part No.	EAN-Code	PU
Ceramic Grease	500 ML	090307	8711347226221	12

### TAR SPRAY

Prevent wear and sticking of screw connections exposed to heavy loads such as agricultural vehicles, industrial machines, lorries and off-road vehicles with MOTIP Tar Spray. Tar Spray gives lasting protection, is water-repellent and resistant to the weather and weak acids and bases. MOTIP Tar Spray has excellent adhesion and excellent corrosion prevention.

Description	Contents	Part No.	EAN-Code	PU
Tar Spray	500 ML	090308	8711347228973	12

### ASSEMBLY GREASE

Prevent wear and sticking of screwed connections which are subject to heavy workloads with MOTIP Assembly Grease. Assembly Grease is water-repellent and has an excellent corrosion prevention.

Description	Contents	Part No.	EAN-Code	PU
Assembly Grease	500 ML	090310	8711347226344	12

# CERAMIC PASTE

MOTIP Ceramic Paste is a high quality assembly paste based on ceramic particles for the long-lasting lubrication of highly stressed surfaces exposed to high temperatures and corrosive influences such as brake systems, brake parts, exhaust parts and various flange- and [bolt] connections. MOTIP Ceramic Paste reduces the friction of moving parts and provides effective protection against corrosion.

- ✓ Suitable for temperatures up to +1.500 °C
- ✓ Enriched with ceramic particles
- ✓ Excellent adhesion
- ✓ Reduces friction of moving parts
- ✓ User-friendly
- ✓ Free of metals
- ✓ Good corrosion protection

### CERAMIC PASTE

MOTIP Ceramic Paste is a high quality assembly paste based on ceramic particles for the long-lasting lubrication of highly stressed surfaces exposed to high temperatures and corrosive influences such as brake systems, brake parts, exhaust parts and various flange and (bolt) connections. MOTIP Ceramic Paste reduces the friction of moving parts and provides effective protection against corrosion.

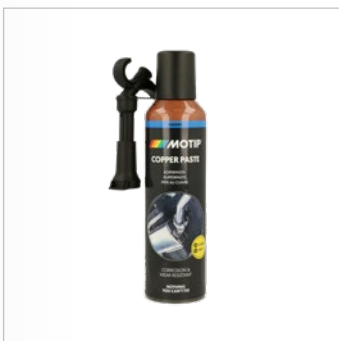

Description	Contents	Part No.	EAN-Code	PU
Ceramic Paste	200 ML	090311	8711347266623	12

### ALUMINIUM PASTE

MOTIP Aluminium Paste is a high-quality assembly paste based on aluminum particles, for easy assembly and disassembly of machine parts and various threaded connections that are exposed to high temperatures and corrosive influences. MOTIP Aluminium Paste reduces the friction of moving parts and provides effective protection against corrosion.

Description	Contents	Part No.	EAN-Code	PU
Aluminium Paste	200 ML	090312	8711347266869	12

### COPPER PASTE

MOTIP Copper Paste is a high-quality assembly paste based on copper particles, for lubricating parts that are exposed to high temperatures and corrosive influences, such as threaded connections, rolling and plain bearings, brake parts and compressed air tools. MOTIP Copper Paste reduces the friction of moving parts and provides effective protection against corrosion.

Description	Contents	Part No.	EAN-Code	PU
Copper Paste	200 ML	090313	8711347266883	12

### ALU PRESSURE CAN

Refillable alu pressure can to process MOTIP active substances. Minimal pressure 5 bar, maximum pressure 10 bar (compressed air). Suitable for 500 ml active substance.

Description	Contents	Part No.	EAN-Code	PU
Alu Pressure Can	500 ML	V05000	8711347196753	1

### DRUMS

Description	Contents	Part No.	EAN-Code	PU
Brake Cleaner	5L	V05563	8711347190881	1
Brake Cleaner	25L	V25563	8711347190874	1
Brake Cleaner	60L	V60563	8711347235087	1
Citrus Cleaner	5L	V05529	8711347228720	1
Citrus Cleaner	25L	V25529	8711347229000	1
Industrial Cleaner	5L	V05584	8711347194896	1
Multi Spray	5L	V05578	8711347194872	1
Copper Grease	5L	V05561	8711347194889	1
Cut & Drill Lubricant	5L	V05583	8711347220038	1
Sealing Faucet	25/60L	SF0001	8711347204625	1
